

*Dear Friends,*

Greetings from Tuscany!

In recent years, Silvio has had the pleasure of meeting you probably during one of his tours. Some of you stopped by our house and saw our big ‘work in progress’ –the renovation and conversion of our barn (building on left in picture) into two studio-apartments for guest rental. Others of you we met because you have already stayed in the ‘upstairs’ apartment which we finished a few years ago. We are writing now to let you know that

we have also finally finished the downstairs apartment ! It has been a long, and sometimes frustrating, ordeal but we are very pleased with the result and wanted to share the news with you...So please have a look at the attachment which provides a description and some photos of our guest house. We hope that

you or your friends (yes, please pass the word!) will be enticed to come back to Tuscany to enjoy a stay at “ Il Serraglio” We would love to welcome you back!

*Anne and Silvio*
